## JEFFERSON CIRCUIT COURT.

### First Day's Proceedings in Full.

#### Charge of Judge Johnston to the Grand Jury.

The regular full term of the Jefferson Circuit Court, under its new organization, commenced yesterday morning, Hon. George W. Johnston on the bench. There was a large attendance of parties held to answer, witnesses recognized to go before the grand jury, and outsiders who were eager to hear the different cases or look upon the unfortunate prisoners as they were brought into court.

The first business in order was the empanelling of the following:

GRAND JURY.

Jos T. Thompson, foreman, W. Thomas, W. E. Gresham, Arthur Brown, J. T. Johnson, Jos Mitchell, S. W. Morris, G. G. Osborne, D. D. Morrissey, John Yonan.

After the grand jury had been regularly sworn by the clerk they were instructed by Judge Johnston. He commenced by urging upon them the importance of being faithful and punctual in the discharge of the duties which devolved upon them. He referred to the great increase of crime not only our own city, but throughout the Union, and said that the only way to check the spreading evil was for the grand jury to do their sworn duties without fear or favor. He also alluded to the statute-making power of any member of the grand jury inking known outside of their room any matter they might have under consideration. He urged upon them the importance of strictly observing this rule. He also referred to the statute in regard to illegal voting, and said it was the duty of the grand jurors to make diligent inquiry into the late election and inflict all persons who had violated this statute, and also the one referring to the officers of election who failed or change any vote. He next spoke of the law against selling liquor to minors, and the carrying of concealed deadly weapons, informing the jury that when those offenses occurred in the county, outside of the city, they came under their jurisdiction. One of the grand jurors asked in regard to passes given to slaves, to which the Judge replied: "There is a statute in this State punishing, by confinement in the penitentiary, any person who shall aid or assist slaves to escape from their masters. The statute is still in force here, and it is the duty of this grand jury to inquire and see if this statute has been violated, and if so, the parties are guilty under it."

The Judge again urged upon the grand jury the importance of earnest action, and said it was only through their action that crime is to be stopped and the country restored to the condition it was in some time since.

The grand jury then retired to their rooms for the purpose of preparing indictments.

A petit jury was then impaneled.

In the case of P. Marks and S. R. Bessenthal, a motion was made to quash the execution, which was set for hearing on the 9th.

Ben. M. Harney was sworn in as an attorney.

CALL OF THE DOCKET.

NEW YORK, Sept. 4.

The Tribune's Washington special says G. H. Emerson, Institit of the Wirtz Military Commission, has just returned from the South, where he was sent by the Government as a witness for the defense. Numerous names of men, six regiments of soldiers and men were furnished by Wirtz. Considerable difficulty was experienced by Mr. Emerson in finding the witnesses, as the names of the officers and men of North Carolina, South Carolina, Alabama, Florida and Georgia, and a number were found to have gone to Texas, Mexico and Europe. But of the last six regiments there were none left, all of whom now on their way to this city. Many of the ex-soldiers officers were fearful that if they came to Washington they would be arrested and placed in confinement by the military authorities, and that they had received due assurance that they would come out from their hiding places.

The list of those subpoenaed embraces the names of officers of all grades, from the rank of general down to a number of privatesoldiers. Most of those summoned served with Wirtz while he was in command of the Andersonville prison.

The former military commanders cheerfully cooperated with M. L. Johnson, and gave him every assistance in the discovery of and summoning of witnesses.

The contracts for postal service in the South, now being made with railroads and steamship companies, on an average of 50 cents, lower than before the war. In one case \$27,000 is now paid for services for which the Government gave \$165,000 five years ago. In another case \$120,000 a year is paid for carrying the mails in a small post office, while the receipts were \$2,000 a year.

As evidence of the usefulness of the United States Sanitary Commission, in the collection of contributions of soldiers, bounties, pay and pensions, it may be stated that over one-half the claims presented by the Pension Office are presented by the general agent of the Commission at the central office. In this way, up to the 15th of August last, in 1865, up to the date of the last audit, all the claims presented by Mr. Farles, agent of the Sanitary Commission for the collection of soldiers' claims.

The contracts for naval prize-claims presented at the Fourth Auditor's office for adjustment for the month of August last, were 2,500, of which 1,738 were duly settled in the payment of \$182,562.20. The amount of naval prize-claims issued by the Treasury Department for the week ending Sept. 2, was \$2,251,580, and the grand total issued up to date \$177,487,220.

The total amount of certificates of indebtedness retained in the Treasury Department, in the same period, for the week ending Sept. 2, was \$8,467,560; and the amount of unliquidated currency destroyed in the same period, \$2,280.

The Herald's Charleston correspondent says Gen. Hatch has retired from the military district of Charleston, and has been temporarily succeeded by Gen. Benét, the commanding general in the city.

The election to members of the State Convention is to take place to-day, and the South Carolinians were considerably interested by their preparations for the meeting.

Gov. Perry, in the letter which he has recently written, states that in cases where rebels take the amnesty oath and receive his recommendation to the President for pardon, it is from the State that the pardon will be granted, and that they are therefore entitled to serve as members of the Convention on this presumption.

The War Department special says the commissioners of the State Convention meeting in Richmond, that similar meetings will be held throughout the State of Virginia, is being carried out. They have been called in some counties. One held on Friday in Halifax County, passed resolutions accepting the abolition of slavery as an accomplished fact, pledged their efforts for a full restoration of the Union, and endorsed the reconstruction policy of President Johnson.

The Herald's New Orleans correspondent says Mr. Wells, of Louisiana, has appointed an agent to proceed up Red River in behalf of the bondholders of the bonds of the old cotton-potato companies, and agents in Hardware Implement & Agents, Manufacturing, & Co., 100 Main Street, Mills, Smith & Butler's Patent Fire and Burglar-proof Safe, and other articles.
